Expanding Economic Opportunity and Promoting Entrepreneurship

- Applications will be accepted for proposals to establish projects and programs that strengthen the local economy, encourage local ownership, facilitate the development of new streams of financial resources, and support current or aspiring entrepreneurs.

Examples of projects that might be of interest would include: fostering the advancement of young entrepreneurs; establishing value-add opportunities for farmers and landowners; supporting the success of small business owners; facilitating beginning farmer resource development; and creating school to work training pathways for students.

- New projects/programs will be strongly considered.
- Innovation and collaboration are strongly encouraged and will be looked upon favorably.

Successful applications will propose projects/programs that create economic opportunity and/or promote entrepreneurship for community members that may otherwise have limited access to such.

Applications for new projects/programs should include plans for sustainability beyond the Chobani Community Impact Fund grant period.

We Do Not Consider Requests For:

- Funding to reimburse an organization for costs that were incurred prior to the date the grant was awarded.
- Funding for capital campaigns
- Funding to pay existing mortgages
- Grants to individuals
- Funding for religious purposes
- Funding to organizations that have so many counterparts (e.g. scout troops, ambulance squads, volunteer or municipal fire departments, individual schools within a school district, individual school classrooms, PTAs) that it would be difficult to assess the relative merits of similar proposals.

As this is a new grant opportunity, we will be happy to answer any questions you may have about submission procedures or the development of your on-line application. Please contact Tina Barber, Program Officer, at 607-206-5180 or via e-mail: tbarber@donorswhocare.org.
